Introduction to the League

The West Yorkshire Track & Field League was set up in 1968 by Granville Beckett, then Hon. Secretary of Huddersfield's Longwood Harriers, and later North of England AA Secretary.

The idea came following visits to Manchester, where Roger Colson had made the most of the new facilities at Stretford's Longford Park to form the Stretford Track League. Beckett felt that there was room for a similar league on this side of the Pennines.

There were no synthetic tracks in Yorkshire in those days and the first season in the league saw a dozen fixtures held at various venues, including grass tracks, so that each club in the organisation could host a fixture. Tracks used included Temple Newsam, Leeds, Leeds Road, Huddersfield, Marley Stadium, Keighley, Horsfall Playing Fields, Bradford and grass tracks at Holmfirth High School, and Spring Hall, Halifax. Some 700 athletes of all age groups joined the league, and they were issued with a season's fixture card and a number.

Bob Smith of Bingley Harriers was elected the League's first president at a general meeting at Huddersfield YMCA and Wakefield's Doug Bedford, later to become league president himself, presented two trophies for annual competition.

West Yorkshire Championships for various track events were allocated to various meetings and provided a main event for each fixture. In recent years a West Yorkshire League Championships was held as a separate event at the end of the season, with its own set of medals awarded. The Championships event was also used to present the medals to all the individual league winners.

The league was seen as a bridge to the gulf between school and club competition and it is pleasing to see the league still flourishing in this respect more than 50 years after its formation. This is largely due to the efforts of Gordon Agar of Skyrac AC, who has given more than 40 years of dedicated service to the league, and he has been the main driving force of the league in recent years.

An on-line archive of all past results of the League since 2002, together with all the League and Championship records can be found on the League website :-

LEAGUE SCORING SYSTEM AND AWARDS

Individuals in each age group will score points in each event they compete in, at each league meeting, as follows :-

1st place 8 points, 2nd place 6 points, 3rd place 5 points
4th place 4 points, 5th place 3 points, 6th place 2 points
All other finishing competitors 1 point.

In case of an equal placing, points are to be awarded as the highest place and the next missed.

e.g. two =3rd athletes receive 5 points each, and then no 4th place given.
all =6th place athletes will all receive 2 points.

At the end of the six league meetings, awards will be given to the 3 athletes with the most points in each age group. If athletes end up with an equal number of points at the end of season, then the one with the most winner points scored will be placed highest.

All the individual points will go towards club totals, to determine the overall League Club Champions. The competing clubs are in two divisions, and the winner of the 1st Division will be declared League Club Champions. At the end of the season the top 2 teams from Division 2 will be promoted, replacing the bottom 2 teams from Division 1.

For the younger age groups (U11, U13 & U15) there will also be team awards for the club scoring the most points in each of those age groups.

The league awards will be presented at the League Championships meeting, to be held on Sunday 7th September.

There are also awards given out, to be decided by the League Officers, for the best individual performances achieved during the season. These are the Douglas Bedford Award for the best track performance of the season, and the Frank Gledhill Award for the best field event performance of the season. There is also the Sheila Bolland Award for the most points scored by a veteran athlete.
